PROJECT 07 • CASE STUDY

Mossline Matcha, *a case study.*

Spec project • concept brand

The client	A small-batch matcha bar in Davao City selling ceremonial-grade lattes and tins to students and young professionals.
The problem	Great product, forgettable feed: price-list posts, five fonts, no clear voice.
The strategy	Sell the ritual, not the drink — a calm “slow down, sip green” voice on three pillars: ritual, origin, community.
The execution	Brand kit, 9-grid feed system, 12 posts, 4 reels and a “first sip” launch campaign with story polls.
Timeline	6 weeks

“Nobody follows a café for its menu. They follow it for how it makes their afternoon feel.”
